A MESSAGE FROM THE GUEST EDITOR

Crescendo: A Powerful Finale to the Academic Year

It is a time of reflection, celebration, as the crescendo of the academic year brings with it a sense of excitement accomplishment and the anticipation of new beginnings. In the world of music, the term "**crescendo**" refers to the gradual increase in volume and intensity. Interestingly, this concept of **crescendo** can also be applied to our educational journey, symbolizing the final stretch of the academic year and the culmination of our collective efforts. Just as a musical composition builds to a powerful climax, let us embrace the **crescendo** of the academic year and celebrate our achievements together.

Each class, assignment, project, and extracurricular activity has contributed to the harmonious whole. As we approach the **crescendo**, it is important to acknowledge the hard work and dedication of our students, teachers, and parents who have supported them along the way. Together, we have created a harmonious melody of learning and growth.

We have witnessed our students' growth, both academically and personally, as they have taken on new challenges, expanded their knowledge, and developed their talents. From the first tentative steps at the beginning of the year to the confident strides they take now, our students have progressed steadily.

As the **crescendo** reaches its peak, we are reminded of the importance of reflection. Take a moment to look back on the challenges you have overcome, the friendships you have forged, and the lessons you have learned. Celebrate your achievements, both big and small, and recognize the progress you have made. Each note played, each test taken, and each hurdle crossed has brought us closer to this final **crescendo**.

The end of the academic year is not a finale but a **TRANSITION**, leading to new opportunities and fresh beginnings. As we come together to celebrate the accomplishments of the past year, let us also look forward to the future with excitement and determination.

Together, we have created a harmonious melody of learning, growth, and community. As the final notes of this academic year echo, let us savor the satisfaction of a job well done and carry the lessons we have learned into the future.

Thank you for your dedication, enthusiasm, and unwavering commitment throughout this academic year. May the **crescendo** of this year lead us to even greater heights in the years to come.

MRS. ULFATH ASLAM
COORDINATOR OF FS1, FS2 & YEAR1

WISHING YOU A HARMONIOUS AND FULFILLING END TO THE ACADEMIC YEAR 2022-2023.

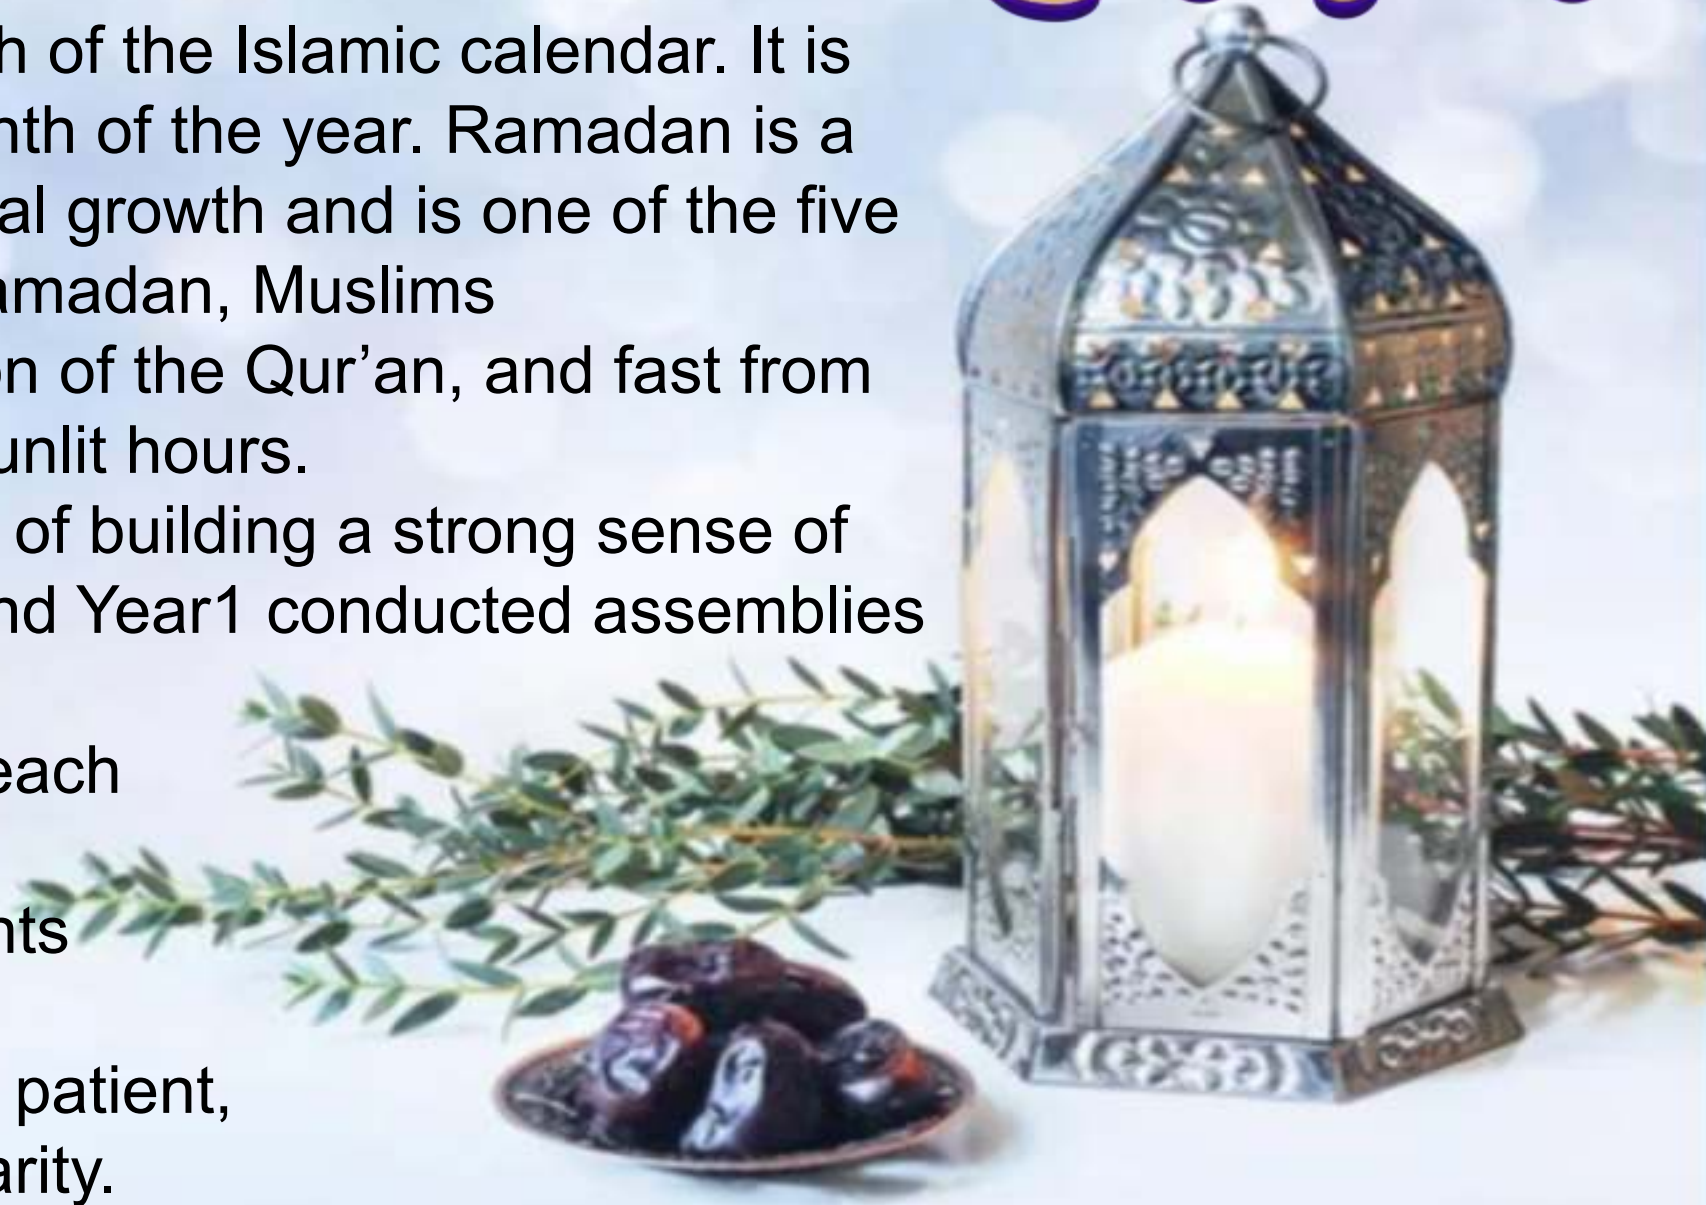

FS2 & YEAR1

Ramadhan

Ramadan is the ninth month of the Islamic calendar. It is regarded as the holiest month of the year. Ramadan is a period of fasting and spiritual growth and is one of the five “Pillars of Islam”. During Ramadan, Muslims commemorate the revelation of the Qur’an, and fast from food and drink during the sunlit hours.

To consider the importance of building a strong sense of belonging at school, FS2 and Year1 conducted assemblies to create a positive classroom culture, and to teach students the essential values of Ramadan. Students spoke that the holy month of Ramadan teach us to be patient, forgiving and do a lot of charity.

FS2- ASSEMBLY- RAMADAN

FS2-B ASSEMBLY – GOLDEN WORDS

OBJECTIVE

- ❖ To nurture the growth of children for a strong foundation and to bring sustainable learning experience about golden words.
- ❖ Teaching golden words and making it a habit for them to include in their vocabulary helps them learn the flair of language.

The students of FS2 B conducted an assembly on 'Golden words' which showcased the importance of the golden words in day-to-day life. The assembly was attended by our Vice Principal Sr. Sarala and our Supervisor Mrs. Ulfath Aslam as well as all the Students and Teachers of FS2.

Each student spoke about the importance of using golden words in day-to-day life. The assembly ended with a strong message and a meaningful song on Golden words recited by all the students.

After the assembly was over the Coordinator, Mrs. Ulfath Aslam addressed the children and questioned them on the importance of Golden words in their life.

Thank you so much for such a wonderful programme, I could not attend this but I could see videos and my son was so confident and he was singing and dancing on stage and once I reached home from office, I showed him those photos , videos and he was so happy to see those and he was busy explaining about each thing they performed today at school. I can understand the hardship you have put into making this programme a grand success. It is not easy to train kids. Today, I came to know that my son can sing so well using the microphone.
Thank you for everything.

The Mother's Day musicals, was a lovely and well organized celebration, we were super excited to see our little girl perform with so much boldness and happiness. We want to say a very big thank you to everyone who has been a part of her journey in FS1 most especially her amazing and caring teacher, who has impacted so much on our little girl, making her love school and always ready to go to school. She loves her teacher and tells everyone she is in FS1 A, a class I am sure she will miss when transiting to FS2. Thank you so much teacher for all your efforts both academically, morally and every positive impact. We will surely miss you in FS2 and wish the management would let you progress to the next class with our little one. She has learnt how to sing, dance, play and most especially improved academically(always talking about how her teacher's method is the right way). We really appreciate all your selfless efforts on all the little champs in FS1 A. Words are not enough to express our gratitude and satisfaction. Thank you so much. It's been an amazing and engaging year and we are sad it's almost over.
Thank you once again for all you do for our champs.

Dear Ma'am,

Hope you are well!

I cannot help to express my gratitude to the team that prepared the event. It was awesome and the kids were well prepared. At a tender age they showed us love and the emotions that filled the room when they expressed themselves on stage. Looking forward to more of this in future. Happy Mother's day to you too, you are the mother while we are away.

Dear Mam ,

Hope you are doing well. It was a great effort made by the whole FS1 team towards each child to practice very well for the Mothers Day. It made us feel so special that our kids are taught to value their mothers and their hard work.

Moreover, it was a wonderful step to bring forward the children with low confidence to show their talent and light up their confidence by the participation in every occasions like Sports Day and Mother's Day. I hope that the school will keep on bringing the confidence in such children who are shy and are not able to come forward in different things by their own. Its a wonderful step to bring out their talent and let them shine and not make them feel left behind and make them show their talents by making them participate in each and every thing .

I hope the children passing out from this school will shine their talent with confidence in their lives.

Thanks a lot.

Good day SOK!

I am writing this email in response to request for feedback by the school. First of all, Congratulations on conducting such a successful event. It was indeed a treat to all mother seeing their children perform so beautifully. It is unbelievable to see such an organized, yet entertaining event by small children.

1. Kids were attended to so well:

Despite the busy event, teachers took very good care of all the students throughout. Kids were not left unguided/standing/hungry/tired at any point of time. How they were kept in class instead of long lines in the auditorium and then nicely taken back to classes right after the event and given snacks which was really appreciated. All this made kids enjoy the event rather than getting tired or frustrated.

2. Miraculous performances: It was so surprising to see these little kids performing in such a cutely synchronized manner. Hardwork of teachers was clearly visible in children's output. It is extremely difficult to train very small children for stage shows but hats off to SOK teachers who did this nearly impossible job. They are effectively Pre-KG students and they have already developed the confidence of facing public on stage. Special appreciation for the students who did speeches and spoke on the mic representing their class.

2(a). Most satisfying moment: Students were not scolded by teachers for their any innocent childish conducts on stage meanwhile, in fact all staff enjoyed their childhood and laughed with the audience.

3. Heartwarming performance by tiny beauties:

The performance by all the sections was extremely beautiful. Specially watching the little angels in white showing love and gratitude for their mothers was so heart touching that brought every mom to tears. Although FS 1C performed on a different topic than the day and could have felt more bonded towards their mothers during preparations on a relevant song thus serving the purpose of the event but still their performance along with wonderful props was unforgettably lovely.

4. Beautiful gesture of gifting Props: Gifting the props to students at the end of event was icing on the cake. Every mom was worried that their child might get upset on returning the props, but kids were the happiest to have them forever by the end of event.

5. Fr. Larry: It was a pleasure seeing such a pious and respectful personality as the chief guest. His every word of speech touched our hearts.

6. Last but not the least, thank you for recognizing motherhood as a valuable job and raising this awareness in our children's heart since motherhood is the most unnoticed task. Every mother felt special and happy. The Mother's Day badges will always be with us as a beautiful memory.

A huge set of respect and regard for the Principal, administration and entire staff of SOK. We indeed feel pride of being a part of SOK every time after visiting school events.

**Regards,

Dear Ma'am,
The performances by all the sections were excellent and teaching such small kids to sing, dance and go up to the stage is not an easy job.
Loved the effort by the full team, all your hardwork shows.
For a parent like me it was such an emotional event from the 1st performance itself, how beautifully all the kids performed.
Thankyou so much for organizing such an event and making all the mothers feel special and super proud of their child.

Respected Ma'am,

Hope this email finds you well. I would like to express my heartfelt appreciation for the beautiful and creative Mother's Day function that took place at our school on 25th of May' 2023, Thursday. Every aspect of the event, from the decorations to the adorable badges for the mothers, was meticulously planned and executed. It is evident that a lot of love and hard work went into making this event a memorable one.

The idea of celebrating Mother's Day with such young children was truly heartwarming, and the performances showcased by the students were mesmerizing. Seeing my own child, Muhammad Ibrahim Ali from FS-1D, perform so elegantly on the stage for the first time was a proud moment for me as a parent. I believe all credit goes to Ms. Ranju, who has played a significant role in instilling confidence and shaping the talents of our children. The performances left us mothers spellbound, with tears of joy in our eyes. I would like to extend my gratitude to all the talented teachers, their dedicated team, and the coordinator for their amazing job. Their efforts have undoubtedly contributed to the success of this function. Furthermore, I would like to express my appreciation to our dear principal for organizing such a beautiful event. PARENT'S FEEDBACK

Dear Ma'am,

The celebration was awesome. The kids were trained very well. We could see all the teachers hard work reflecting through each kid. Though the Chief Guest mentioned that it is due to the mothers that the kids performed well. I strongly believe it's purely because of the teachers of FS2. I know each teacher must have put an effort to make sure that each kid performs well.

Dear School Administration,

We wanted to take a moment to provide feedback on our child's experience in KG2 and express our gratitude for the wonderful education they received at your school. As parents, we have seen tremendous growth and development in our child over the course of this academic year.

First and foremost, we would like to acknowledge the dedicated and passionate teachers who have played an instrumental role in our child's educational journey. They have gone above and beyond to create a nurturing and stimulating learning environment. Their patience, enthusiasm, and creativity have fostered a love for learning in our child, and we are truly grateful for their commitment to education.

In terms of communication, we have found the school to be responsive and approachable. Regular updates, parent-teacher meetings, and open channels of communication have allowed us to stay informed about our child's progress, strengths, and areas that need improvement.

In conclusion, we would like to express our heartfelt appreciation to the entire staff and administration for their hard work, dedication, and commitment to providing a quality education.

Thank you once again for providing a nurturing and enriching environment for our child.

Sincerely,

FARE THE WELL...

It's was a proud moment to felicitate the VETERANS of our institution. Ms. Tasnim, Ms. Beulah, Ms. Shyamala and Mr. Muralidaran who have worked with us and inspired us with their life... They are the most cherishable individuals, the most valuable gems in the crown of SOK. They deserve our appreciation.
