Important Supplies

Dear parents..

With the beginning of the new academic year under the pandemic, make sure to provide and prepare your child with all important preventative supplies to maintain his/her health and safety

What are these supplies?

Hand Sanitizer: Hand sanitizer which contains no less than %60 alcohol

Face mask: make sure you keep an extra face mask in your child's bag

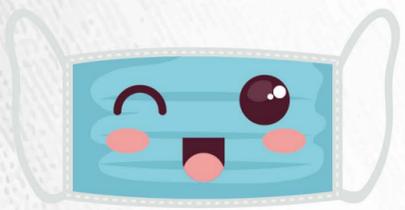

Disinfectant wipes: Students should have disinfectant wipes with them to keep their supplies clean and wipe any surfaces if needed

Lunch Box: Prepare students' lunch boxes at home and make sure they include foods that enhance the immunity

Does your child`s bag contain:

CHECKLIST

Transportation

Dear parents. .

Make sure that you follow and educate your child on the preventative rules and guidelines while using different means of transportation on their way to school

What are these rules?

Make sure that your child is wearing his/her face mask while going to and coming back from school

Teach your child to sanitize his/her hands before and after using transportation methods

As a parent, follow the entry and exit points of the school and teach your child as well

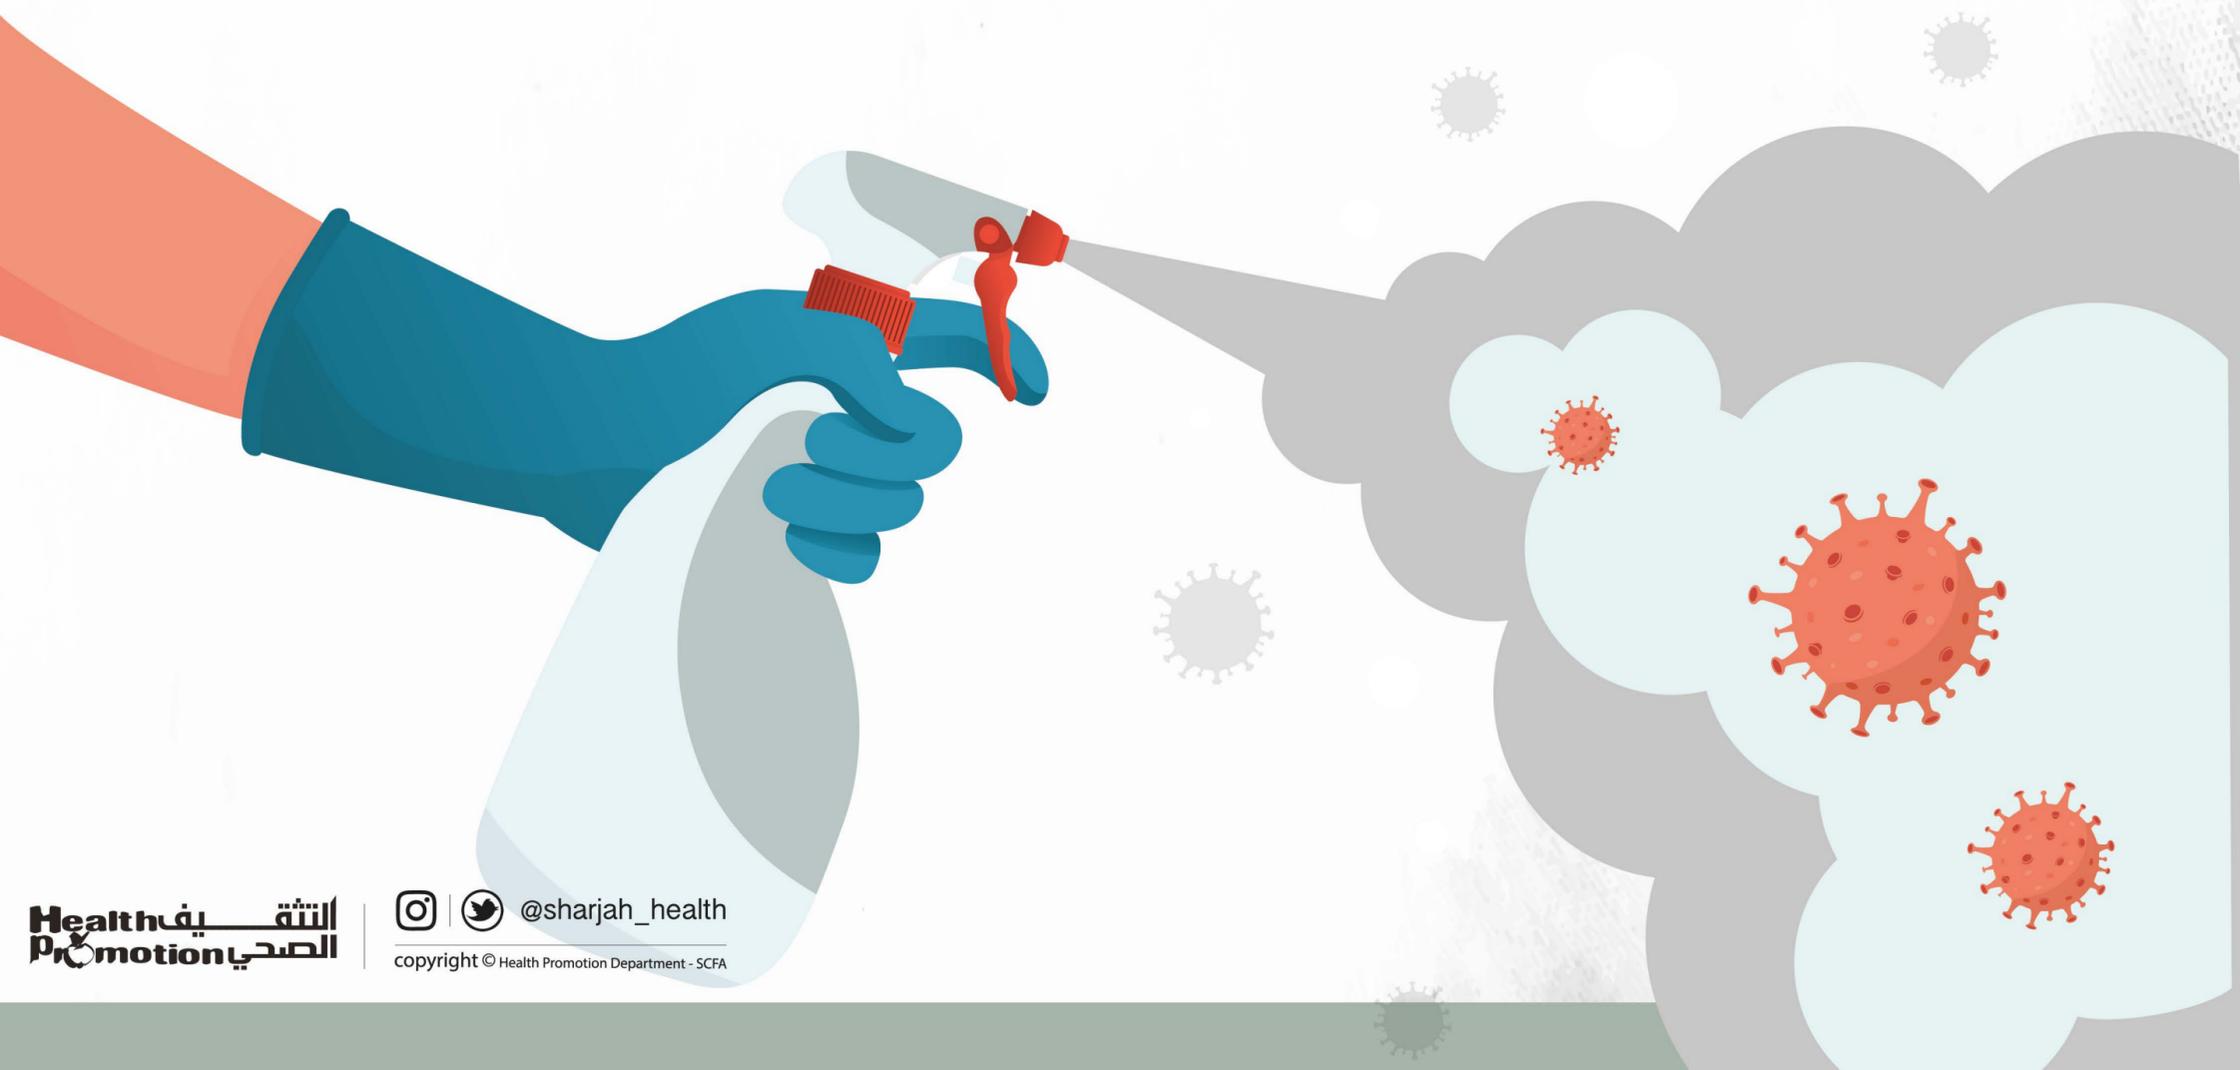

Teach your child to adhere to physical distancing while using school bus and at assymblee points

Preventative measures

Dear parents. .

When your child returns from school, make sure that you clean and sanitize their school uniforms and supplies

What are these measures?

- 1 Make your child leave his/her school shoes at the door
- 2 Make sure you sanitize his/her hands
- 3 Teach him how to take off his/her face mask in the right way
- 4 Sanitize his/her school bag and all his/her other supplies
- 5 Wash his/her school uniform daily
- 6 Teach your child to avoid touching his/her face before washing their hands
