Good wishes for a beautiful and cooling winter season to you dear Staff, Parents and beloved Students. May this season chill out the heat from everywhere. We are truly happy and proud of 'School of Knowledge' which is esteemed to be 'par excellence' in education. The theme for the newsletter of this term is Excelsior which means the high quality of education given by the school which moulds the students in the field of academics, discipline, commitment and above all in social and moral values of life for the growth and welfare of the society. ## FROM THE PRINCIPAL'S DESK

*"Take pride in how far you've come. Have faith in how far you can go. But don't forget to enjoy the journey."  
" Michael Josephson"*

It is heart-warming to pull through to the end of a successful term. I'm pleased to note how far we have come as SOK family, celebrating our successes and building an education fit for the future. Our school focuses on adopting an educational approach that places students at the center of the process because it offers students the choice of what and how they learn and this independent approach also equips them with the key skills. It provides students with ample opportunities for self-direction, a powerful sense of ownership and the ability to explore topics that are meaningful and relevant in their lives. A big round of applause for our students who has made this approach a great success.

We are very proud of the academic progress and personal growth that each and every student has made. Student learning and growth have been visible all across the school and are evident from projects, assignments, Go-Green posters and activities, performances, research works, Project-based learning, STEAM activities, Club activities, Curiosity Walls, Brain Gym corners, inculcate a Reading habit and other artifacts.

We continue to see students taking ownership and responsibility for their learning as they set different goals that they wanted to work towards, collaborated with peers, and shared their projects and learning which is expected out of them. We are committed to preparing our students for tomorrow's world, and empowering our young learners to shape the world they want to live in. A special appreciation goes to our Student Council and we are happy to see those champions in their areas of responsibility. Students, I appreciate you all for showing us each day that you are RESILIENT and REMARKABLE!

Next, Our Academic Staff members on the balancing hand have demonstrated unflinching commitment and continue to work round the clock to ensure high-quality learning is within every learner's reach.

And I would like to celebrate our PARENTS. You are truly our partners in learning. I feel elated by looking at your commitment in supporting all of the processes and expectations, such as monthly PTM, and for your endless hours of volunteering, and chaperoning, went above and beyond the call of duty to provide whatever was necessary to add rich school experience in all the parental involvement activities to support the school in moving forward towards the Innovative theme- Go Green, Inter-class competitive events, community involvement activity on UAE National Day, social awareness events like World Food Day and celebrating the success with our tiny tots in the Foundation stage.

With the holidays upon us, our students and teachers are looking forward to a chance to relax and rejuvenate ready for a very productive Term 2. We still have lots of work and learning to do, so we will continue to push hard, have high expectations, and celebrate each child's learning.

*"We believe that all children are capable of great things."* And let us continue our journey with more zeal and our unwavering commitment to giving you the best which still remains the focus. I hope you all have wonderful winter holidays; may you get some quality time with your families. We are looking forward to seeing you all in January'23.

God Bless!

**Sr. Sarala FMCK**  
**Vice-Principal**

A school is one of the first and most essential stages for an individual where one shall learn one's and then get trained for the final and bigger acts later in life. We as mentors and guides, simply play our role in being the path enlighteners, enabling the children to trudge along until they find their confident footing. I feel proud & congratulate the SOK staff and the children that they exuberantly try to make this journey together in implementing a student-led learning approach & succeeding together, faltering & correcting together & making themselves Excelsior. Student-led learning, at its core, is all about prioritizing students' needs and valuing their ability to learn independently.

A full window glimpse into the immense talents and capabilities of the precious gems of SOK, along with a compilation of all the achievements of these same gems, is our e-newsletter; 'Pulse of SOK' A platform for showcasing where we have reached and where we want to see ourselves.

I express my heartfelt gratitude to the Director of our School Sr. Bobina, our Principal Ms. June Amanna, SLT and MLTs for their reaffirming unconditional support rendered at all times that assures peak performance without any compromises, be it curricular or co-curricular. .

I would also like to put on record the incessant assistance and cooperation of all the teaching & non-teaching staffs that help in smooth functioning of this institution.

Last and in no way least, a special thanks to all the parents to putting their faith and confidence in us. One last thanks to the editorial team for doing a wonderful job for compiling this e- newsletter. I wish you all good luck and let's work harder to achieve bigger and better milestones in the future. Remember, success is not final. Success is not resting on your laurels, but finding new laurels to rest upon.
